

**Williamson County Children's Advocacy Center
Outdoor Play and Therapy Space**

Attachment #3a – Part Two Area

The project will include adding a fenced-in area for therapy outdoor space, adding a sport-coated/marketing surface for a dedicated area for activities such as basketball, hopscotch, and/or four-square, and the addition of outdoor music therapy instruments. The project will utilize three parking spaces and a grassy area adjacent to the sidewalks. The project area will not impact the access to the FDC (Fire Department Connection).
