RE: 179D Tax Deduction Form – Wilco CAC

Dear Judge Gravell,

Federal tax law, specifically §179D of the Internal Revenue Code, permits a tax-exempt property owner to allocate certain tax deductions to the designers who are instrumental in implementing energy-saving building improvements pursuant to the Energy Policy Act of 2005 (EPAct 2005). This deduction is of no benefit to the building owner because the governmental entity does not pay taxes from which the deduction can be made. IRS definitions contained in Notice 2008-40 provide that this tax deduction incentive can be allocated primarily to the persons responsible for the design of the project.

For that reason, **Hendrix Consulting Engineers (HCE)**, **P.C.** is requesting that this incentive be allocated to us and that you identify us as the persons responsible for the MEP design by signing the attached letter. If the enclosed form is accurate, we request that you sign and date it, then return it to us either by fax or by scanning your signed copy and emailing it to my attention.

We congratulate you and your organization for the role you have undertaken in implementing Green Building initiatives. We have enjoyed the opportunity to work with you and are proud to be a part of the effort.

If you have any questions or concerns or require further information regarding the energy-saving features of the buildings, I encourage you to contact me.

Sincerely,

Byron Hendrix
