

ER # _____

EASEMENT AND RIGHT OF WAY

ss

§

8

That **Williamson County, Texas**, a Texas county, hereinafter called "Grantor," whether one or more, for and in consideration of Ten Dollars (\$10.00) and other valuable consideration to Grantor in hand paid by **Oncor Electric Delivery Company LLC, a Delaware limited liability company**, 1616 Woodall Rodgers Freeway, Dallas, Texas 75202-1234, hereinafter referred to as "Grantee," has granted, sold and conveyed and by these presents does grant, sell and convey unto said Grantee, its successors and assigns, an easement and right-of-way for overhead and/or underground electric supply and communications facilities, consisting of a variable number of wires and cables, supporting structures, surface mounted equipment, conduits and all necessary or desirable appurtenances over, under, through, across and upon Grantor's land described as follows:

SEE EXHIBIT "A" (ATTACHED)

Grantor recognizes that the general course of said lines, or the metes and bounds as described above, is based on preliminary surveys only, and Grantor hereby agrees that the easement and right-of-way and its general dimensions hereby granted shall apply to the actual location of said lines when constructed.

Together with the right of ingress and egress along and upon said easement and right-of-way and over and across Grantor's adjoining properties, only if reasonable access is not available from a public right-of-way, for the purpose of and with the right to construct, maintain, operate, repair, remove, replace, reconstruct, abandon in place, and to change the size and capacity of said facilities; the right to prevent excavation within the easement area; the right to prevent construction of, within the easement area, any and all buildings, structures or other obstructions which, in the sole judgment of Grantee, may endanger or interfere with the efficiency, safety, and/or convenient operation of said facilities and their appurtenances and the right to trim or remove trees or shrubbery within, but not limited to, said easement area, including by use of herbicides or other similar chemicals approved by the U.S. Environmental Protection Agency, to the extent in the sole judgment of Grantee, as may be necessary to prevent possible interference with the operation of said facilities or to remove possible hazard thereto. Grantor shall not make changes in grade, elevation or contour of the land or impound water within the easement area as described above without prior written consent of Grantee. The following day after the earlier of 1) six months after Grantor notifies Grantee that services are no longer needed, or 2) six months after any improvements necessary for service and related appurtenances are removed, Grantor may submit a request to Grantee through Grantee's normal process to release this easement in its entirety, which said release will not be arbitrarily or unreasonably withheld.

Grantor reserves the right to use the land within the above described easement area for purposes not inconsistent with Grantee's use of such property, provided such use shall not, in the sole judgment of Grantee, interfere with the exercise by Grantee of the rights hereby granted.

TO HAVE AND TO HOLD the above described easement and right-of-way unto the said Grantee, its successors and assigns, until all of said electric lines and facilities shall be abandoned, and in that event said easement and right-of-way shall cease and all rights herein granted shall terminate and revert to Grantor or Grantor's heirs, successors or assigns, and legal representatives, to warrant and forever defend the above described easement and right-of-way unto Grantee, its successors and assigns, against every person whomsoever lawfully claiming or to claim the same or any part thereof by, through or under Grantor, but not otherwise.

EXECUTED this ___7th___ day of ___May_____, 2024.
